11<sup>th</sup> July 2018

Dear Colleague

### **Training Dates - Pharmacy Flu Vaccination Advanced Service 2018-2019**

Community Pharmacy South Central and Dorset LPC are working in partnership with the NPA to provide training and support for any pharmacist wishing to be eligible to deliver the NHS Advanced Flu Service that **all community pharmacies** are able to provide from September this year.

**This training is open to all pharmacists regardless of NPA membership.** Prices have been discounted from the NPA's usual tariff rate for those quoting this invitation and referencing the LPC training initiative.

Whilst the details of the PGD for this Advanced service have not yet been made available, it is anticipated that it will be similar to last year.

In order to be eligible to deliver the service, NHS England has determined that pharmacists providing the Flu Vaccination Service **need to attend face-to-face training for both injection technique and basic life support training every two years, irrespective of how many vaccines are administered each year.**

The training covers vaccination techniques; basic life support and anaphylaxis management.

#### **Prices are as follows: -**

Flu vaccination + private PGD (practical training)    £85 + VAT

Cont/2.
