

Ref PH594

To all Community Pharmacies in the Wessex area and copied to Partner organisations and other interested parties for information

Dear Colleague,

The “*Help us to Help You – Before it gets Worse*” (Pharmacy Advice Campaign) which commenced on the 4th February 2019 and ran until the end of March 2019, has now come to an end. **It is now time to submit your evaluation for this campaign** on PharmOutcomes. The deadline for submission of the evaluation is **Tuesday 07 May 2019**.

You will find the campaign evaluation under the Services tab on PharmOutcomes.

All pharmacies are asked to submit an evaluation after each campaign confirming that the pharmacy has participated and noting the number of people who were given advice as part of the campaign. The return is available now on PharmOutcomes. The purpose of the return is twofold:

1. To provide assurance that the pharmacy is complying with this element of essential services
2. To help demonstrate the value that community pharmacy adds in terms of the health promotion role.

Thank you for your support with the campaign.

Our next campaign is “Children’s Oral Health Further information will follow

Kind regards

Tim Perriment
