

CPCF Checklist

Friday 2nd August 2019

PSNC is working to provide as much information and as many resources as possible to help community pharmacy teams to understand the details of the new Community Pharmacy Contractual Framework (CPCF) agreement as they are finalised in the ongoing negotiations.

This email is one of a series of recommended actions for community pharmacy contractors to help you to get ready for the introduction of all elements of the five-year CPCF. There is a lot to do and details will be coming out in stages, so this email series will help guide you through the process and highlight all of the resources and support available to you.

1. Watch our webinar and register for a roadshow event

Two great ways to familiarise yourself with the details of the five-year CPCF agreement are to watch our contractor webinar and to register for one of our roadshow events.

Contractor webinar

You can now view an on-demand recording of our webinar to learn about the terms of the new CPCF agreement for 2019/20 to 2023/24 and what it will mean for your pharmacy. The PSNC policy team also answered questions from viewers during the webinar.

Roadshow events

We will be holding a series of Sunday roadshow events across England to explain the context of the deal and what it means for pharmacies. There will be lots of opportunity to share views and ask questions of PSNC's Negotiating Team.

The free events are an opportunity to explore what the future holds for your pharmacy; to help prepare yourself and your team for that; and to hold PSNC to account for the decisions it has made.
