Friday 6th September 2019

PSNC is working to provide as much information and as many resources as possible to help community pharmacy teams to understand the details of the new Community Pharmacy Contractual Framework (CPCF) agreement as they are finalised in the ongoing negotiations.

This email is one of a series of recommended actions for community pharmacy contractors to help you to get ready for the introduction of all elements of the five-year CPCF. There is a lot to do and details will be coming out in stages, so this email series will help guide you through the process and highlight all of the resources and support available to you.

7. Register for our CPCS webinar

PSNC will be holding a webinar about the new NHS Community Pharmacist Consultation Service (CPCS) on **Monday 16th September at 7.00pm**, in collaboration with NHS England and NHS Improvement (NHSE&I).

On the night Alastair Buxton, PSNC's Director of NHS Services, and colleagues from NHSE&I will explain how the service will operate and help you to prepare for the launch on 29th October.

As well as outlining the requirements that community pharmacy contractors will need to meet prior to offering the service, the webinar will also highlight the information, guidance and resources available and where to find them.

During the 60-minute webinar there will also be an opportunity for viewers to ask questions.

With registration for the service now open, this webinar will provide contractors and their teams with a clearer insight into this important new service.
