

Proposed actions from PSNC/LPC

Engage your team in the changes that are happening within the NHS and community pharmacy

Understand which PCN your pharmacy is in

Find out which other pharmacies are within your local PCN; build relationships with these pharmacies

Identify who will be the PCN Pharmacy Champion, working collaboratively with the LPC

Identify the PCN Clinical Director and where they work (but not yet approach)

Consider how you can effectively work with others in the area

Deliver all Advanced and Locally Commissioned Services to demonstrate the difference you make
