

NEW FOR THIS SEMESTER – LAUNCHING IN DECEMBER 2021

Hypertension

This learning programme aims to enable you to interpret and apply clinical guidance to support people with hypertension. You will consider how to optimise their treatment and use a shared decision making approach to empower people with hypertension to self-manage their condition.

Dates available (evening workshop 7pm to 9pm):

December 2nd, 7th and 8th

January 11th and 25th

February 9th, 22nd and 24th

March 1st, 15th, 16th, 21st and 24th

<https://www.cppe.ac.uk/programmes//hyper-ew-01/>

Asthma

The aim of this learning programme is for you to consider how we as pharmacy professionals in all sectors can support people who have asthma. You will apply your knowledge of asthma management and guidelines and explore how you can support people to manage their asthma, reduce complications and improve their quality of life.

Dates available (evening workshop 7pm to 9.15pm):

September 2nd, 14th and 15th; October 5th and 26th;
November 10th and 17th; January 11th and 26th; February
10th; March 16th

Deprescribing

In this programme, we will explore how all pharmacy professionals can contribute towards safe and appropriate deprescribing of medicines.

Dates available (evening workshop 7pm to 9pm):
September 14th and 27th; October 12th and 13th;
November 9th and 15th; January 19th and 26th; February
7th and 21st; March 7th

<https://www.cppe.ac.uk/programmes//deprescribe-ew-01/>

Antimicrobial stewardship

The aim of this programme is to demonstrate how pharmacy professionals can make antimicrobial stewardship a routine part of their practice.

Dates available (evening workshop 7pm to 9pm):
September 9th and 14th; October 5th and 6th; November
1st and 22nd; January 18th; February 1st, 9th and 22nd;
March 8th and 14th

<https://www.cppe.ac.uk/programmes//antimicro-ew-01/>

Emergency contraception

This workshop features an expert speaker on contraception and sexual health and will help you with the knowledge and skills to deliver effective EC services.

Dates available (evening workshop 7pm to 9.15pm):
October 4th; November 16th; December 9th; January 12th;
February 22nd; March 9th

<https://www.cppe.ac.uk/programmes//ehc-ew-01/>

Consultation skills

This session introduces you to the *Consultation skills for pharmacy practice* programme which supports you in delivering high-quality, person-centred consultations.

Dates available (evening workshop 7pm to 9pm):
October 6th; November 16th; January 20th; February 1st
and 22nd; March 22nd

<https://www.cppe.ac.uk/programmes//consult-ew-01/>

Mental Capacity Act

This workshop will help you manage and optimise care for patients who might lack mental capacity to make a specific decision relating to their medicines.

Dates available (evening workshop 7pm to 9.15pm):
October 4th and 21st; November 9th and 23rd; January 31st;
February 2nd and 10th; March 22nd

<https://www.cppe.ac.uk/programmes//mentalcap-ew-01/>

Depression

This programme focuses on the concerns of people with depression, how to optimise their medicines and achieve better health outcomes for this population.

Dates available (evening workshop 7pm to 9pm):
October 5th, 13th, 20th; November 9th and 16th; January
18th and 26th; February 15th and 22nd; March 8th and 29th

Neurology and dementia in primary care

The aim of this online workshop is to update your clinical knowledge of the pharmaceutical management of several long-term neurological conditions to enable you to help facilitate the seamless transfer of care for people living with these conditions between different care settings. You will consider how to support people living with multiple sclerosis, Parkinson's, Acquired Brain Injury and Lewy Body dementia.

Please note this is a full day workshop 9.30am to 4pm

Dates available:

November 24th; February 7th; March 23rd

<https://www.cppe.ac.uk/programmes//pcp-w-01/>

Medicines optimisation in care homes

The aim of this event is to support clinical pharmacy professionals working in primary care to develop the knowledge, skills and confidence that are needed to implement strategies to optimise medicines use for people living in care homes. This workshop includes how to prioritise care home residents for structured medication reviews and how to assess and advise on antipsychotics and medicines in frail older people.

Dates available:

10am to 12.30pm: October 14th and January 17th

7pm to 9.30pm: September 28th and March 24th

<https://www.cppe.ac.uk/programmes//cpgpem3-ew-01/>

Falls prevention

The aim of this workshop is to increase your understanding of falls and how the pharmacy team can help prevent and support those who have had a fall.

Dates available:

September 7th and 27th; October 7th, 14th and 19th; November 9th, 22nd, 23rd; January 11th and 31st; February 9th and March 29th

<https://www.cppe.ac.uk/programmes//falls-ew-01/>

Supporting patients living with dementia

The overall aim of this programme is to apply your knowledge and skills to help you manage and optimise care for patients living with dementia and their carers.

Dates available:

October 21st; November 9th; January 24th
