

27th October 2023 - keep for 2 weeks only

DRUG ALERT

DANGEROUS HEROIN

We have had several incidents of overdose with hospitalisation in recent days.

Action to take if this dangerous substance is taken

- We strongly advise people **NOT** to take any heroin
- If you are using, then please
 - start slow
 - don't use alone and
 - carry Naloxone.

If someone is having health difficulties linked to the use of heroin, **use Naloxone** if you have it, then **dial 999 immediately** and ask for an ambulance.

Please provide as much information about the drug to the ambulance staff so they can help as much as possible. Your actions could save a life.

You can get free Naloxone and confidential support from the Recovery Hub, tel: 023 9229 4573

This notice should be displayed in hostels, day service, supported housing premises, drug service premises, pharmacies and other appropriate health and care settings.
