

Pharmacy First ENT Clinical assessment skills workshop

This face-to-face workshop will support you to consult with people presenting or referred to a community pharmacy with ear, nose and throat (ENT) symptoms, such as sinusitis, sore throat and earache, under the [Pharmacy First](#) advanced service.

in collaboration with

Join us to learn about

- ★ Ear, nose, throat and neck anatomy
- ★ Symptoms for differential diagnosis
- ★ How to take a detailed ENT history
- ★ Red flags for further referral

You will apply your learning through case studies and have the opportunity to observe and practice ENT clinical examination skills with supervision.

Book a workshop [here](#)

Places are limited to 60 people per half-day workshop, with a choice of morning or afternoon session, and available across England, **January-February 2024**
