**PH336**

**To all Community Pharmacies in Hampshire**

Dear Colleague

Due to the adverse weather conditions NHS England Wessex has decided that pharmacies signed up to the local Wessex PURM service may supply medicines under the terms of that service during all opening hours through to close of business on Monday 5th March. With an update on 5th March. This applies to Hampshire registered patients, people displaced due to travel restrictions and areas where there has been limited opening of general practice.

Thank you, Pharmacies, for ensuring that patients get their essential medication during this time.

Regards

Les
