

8th May 2018

Ref PH379

To all Community Pharmacies in Wessex

Dear Colleague,

**Electronic Prescription Service in integrated urgent care;
Patients in urgent care settings to benefit from electronic prescriptions**

Following a successful pilot, EPS is being rolled out to integrated urgent care providers using the Advanced Adastra system from April 2018. [Read more about the roll out.](#)

Integrated urgent care includes NHS 111, GP out of hours, Clinical Assessment Services (CAS), Walk-in Centres, Minor Injuries Units and Urgent Care Centres

The EPS system available in integrated urgent care is a simplified version of that used in [primary care](#). The following functions are not available:

- repeat prescribing and electronic repeat dispensing (eRD)
- post-dating prescriptions
- ability to change the patient's nomination
- prescription token printing
- item level cancellation

Further information on this introduction can be found at -
